Hello! My name is Everett Peyrat. I live at 9 Loubier Drive. I am circulating this petition to have the sidewalk cleaned and maintenance on the left side of Loubier Drive. My concern is for the safety of the children on this side of the street.

Since 2002, a village ordinance was passed to only remove the snow and maintain only one side of our street. Since then many more children have to use the left side of our street to walk to school. I would like your support to have the village manager deem to clean the other side (left side) because there are more children need to use it to walk to Hiawatha School.

Sincerely,

Everett J. Peyrat
