The Selectboard of the Town of Essex shall hold a public hearing at 6:30 p.m. on November 23, 2020, online at https://teams.microsoft.com/l/meetup-join/19%3ameeting_NmZhYjZiMGQtZDk3OC00NGI3LWI3YzItNTIyM2VhNDViOTVm%40thread.v2/0?context=%7b%22Tid%22%3a%22ecf8d528-f923-4497-9342-6544108d0637%22%2c%22Oid%22%3a%225ab89c91-bb72-4c3f-b4d6-dee6577ec57c%22%7d

The purpose of the public hearing is to consider final passage of revised provisions to Title 7, Motor Vehicles, Traffic and Parking, of the Municipal Ordinance.

The Selectboard of the Town of Essex hereby ordains that changes be made to the Municipal Ordinance, Title 7, Motor Vehicles, Traffic and Parking. The purpose of the revised provisions is to provide updates to ordinances that have not seen a major change in more than 20 years, including a new section to unify violations into one section; adding language for non-payment of fines and detailed procedures; adding exemptions to winter parking; correcting language to match an upcoming Public Nuisance ordinance; increasing distances of parking restrictions near intersections; and making updates to sections about traffic control signals, stop signs, yield signs, speed limits, and no parking zones.

Full text of the proposed revisions may be examined at the Essex Town Offices, 81 Main St., Essex Jct., VT, or online at www.essexvt.org. Should the Town of Essex Selectboard adopt these ordinances, they will become effective at a future date determined by the Selectboard.

Citizens have the right to petition for a vote on the ordinance at an annual or special meeting pursuant to 24 V.S.A. § 1973. Five (5) percent of the qualified voters of the Town of Essex, by written petition filed with the Town Clerk no later than forty-four (44) days following the date of adoption by the Selectboard, may request that the voters of the town disapprove of the Selectboard’s action at a duly warned annual or special meeting.

Please direct questions to Lt. Robert Kissinger at rkissinger@essex.org or 802-878-8331.

Memorandum

To: Board of Trustees; Selectboard; Evan Teich, Unified Manager
Cc: Chief Ron Hoague, Police; Lt. Rob Kissinger, Police
From: Greg Duggan, Deputy Manager
Re: Final passage and adoption of revised provisions to Title 7, Motor Vehicles, Traffic and Parking of the Town of Essex Municipal Ordinance (Selectboard) and Title 8, Motor Vehicles, Traffic and Parking (Trustees)
Date: November 20, 2020

Issue

The issue is whether the Trustees will adopt revised provisions to Title 8, Motor Vehicles, Traffic and Parking, Village of Essex Junction Municipal Code; and whether the Selectboard will approve final passage and adoption of revised provisions to Title 7, Motor Vehicles, Traffic and Parking of the Town of Essex Municipal Ordinance.

Discussion

Lt. Kissinger has attached memos and the revised ordinances for review.

The Village and the Town have differing processes on the adoption of ordinances. The Village adopts ordinances in accordance with state law, as described in 24 VSA §§ 1972-1973. Once the Trustees adopt an ordinance, it is posted in at least five places within the municipality and published in a local newspaper. Citizens have a right to petition for a vote on the ordinance. Unless a petition is filed, the ordinance takes effect 60 days after adoption.

Town ordinances are adopted after a public hearing. The Selectboard passed the revised provisions to Title 7 in October, and warned a public hearing. The public hearing will be held earlier in the evening on November 23, 2020. Since the Selectboard passed the ordinance in October, minor changes have been made to correct spelling and abbreviations, and a passage was added to prohibit parking in municipal lots from midnight to 6 a.m. To comply with the charter, the Selectboard will need to warn another public hearing to review those changes before approving final passage of the ordinance.

Additional changes will include the use of the proper term for the manager, whether "Manager" or "Town/Village Manager" depending on the document; and changing "Trustees" and "Selectboard" to "legislative body." Staff was not able to incorporate those changes into the attached versions of the ordinances, and asks that the Trustees and Selectboard accept those changes before warning the ordinances.

Cost

Approximately \$300 to warn public hearings and publish notices of the ordinances in a newspaper.

Recommendation

Staff recommends the Trustees adopt revised provisions to Title 8, Motor Vehicles, Traffic and Parking, Village of Essex Junction Municipal Code, to take effect on January 22, 2021 in accordance with 24 VSA §§ 1972-1973.

Staff recommends the Selectboard pass the revised provisions to Title 7, Motor Vehicles, Traffic and Parking of the Town of Essex Municipal Ordinance, and authorize staff to warn a public hearing on the revisions for December 7, 2020.

MEMORANDUM

TO: Evan Teich, Unified Manager, Trustees and Selectboard
FROM: Owiso Makuku and Robin Pierce, Community Development Directors
DATE: November 23, 2020
SUBJECT: S.54 (Act 164) – Cannabis Tax & Regulate

Issue

The issue is for the Trustees and Selectboard to hear about and discuss S.54 (Act 164) – Cannabis Tax & Regulate.

Discussion

S.54 (Act 164) – Cannabis Tax & Regulate became law on October 7. Retail sales will only be allowed in communities that vote to opt-in. Medical use of cannabis (aka marijuana) was legalized in Vermont in 2004. Possession of one ounce or less was decriminalized in 2013. Recreational use of cannabis was legalized in Vermont in 2018. Now the legalization of production, testing, distribution, and retail sales has been allowed for. The Senate passed the bill in the 2019 session, and the House early in the 2020 session. The law does not become fully effective until 2022. The new tax and regulate system is still very much a work in progress, with responsibility for some details left to the new state Cannabis Control Board, which will be formed in 2021.

Cultivation, testing, warehousing, and distribution are NOT subject to any municipal opt-in – i.e. they can happen whether municipalities like it or not. Municipalities cannot issue blanket prohibitions of cannabis establishments via ordinance or zoning. However, the bill empowers communities to create local cannabis control commissions, and for such commissions to condition issuance of a local license on any zoning bylaw adopted pursuant to 24 V.S.A, section 4414.

Cannabis shall not be regulated as “farming”, and cultivated cannabis shall not be considered an agricultural product or agricultural crop under relevant State laws. It appears that municipalities will have the power to regulate cannabis cultivation through zoning, unlike traditional agricultural practices and agricultural structures. Municipalities may be able to use all of the tools in section 4414 – e.g., zoning districts, conditional use review, performance standards, perhaps even overlay districts. This is not clear currently. Without a local option tax, or the necessary controls set in place by the State it seems premature to develop policies and procedures that may have to be modified as the State rolls out their details in 2021. Certainly we should be aware of possible eventualities and how planning and zoning regulations and other municipal departments would interact with any proposals should the

community decide to exercise the opt-in clause. If this occurs would a local Cannabis Control Board be appropriate? For example are there areas in the community, e.g. close to schools, where cannabis sales may not be suitable?

The opt-in clause could be triggered by a Town wide vote, or through action by the elected officials.

Cost

The Act has an opt-in clause. If municipalities do not exercise the option no obvious costs come to mind. If there is no local option tax in the community there would be no fiscal benefits to the community, if it did exercise the op-in clause, from cannabis sales.

Recommendation

It is recommended that Trustees, Selectboard and Staff continue to monitor the situation as it develops. Especially changes made by the State, and the (to be constituted) State Cannabis Control Board to the Act.

Full text of the Act No. 164, an Act relating to the regulation of cannabis, is available at <https://legislature.vermont.gov/Documents/2020/Docs/ACTS/ACT164/ACT164%20As%20Enacted.pdf>.

Rather than include the 102-page legislation in the Trustee and Selectboard packet, staff presents the summary provided by the Legislature:

Act No. 164

This act summary is provided for the convenience of the public and members of the General Assembly. It is intended to provide a general summary of the act and may not be exhaustive. It has been prepared by the staff of the Office of Legislative Counsel without input from members of the General Assembly. It is not intended to aid in the interpretation of legislation or to serve as a source of legislative intent.

Act No. 164 (S.54). Cannabis

An act relating to the regulation of cannabis

This act creates the Cannabis Control Board for the purpose of regulating cannabis production and sale in Vermont. Participation in the legal cannabis market will require licensing by the Board. Six types of licenses will be available: cultivator, wholesaler, product manufacturer, testing laboratory, retailer, and integrated licensee. Regulation of the medical cannabis program will move from the Department of Public Safety to the Board on March 1, 2022. Retail sales of cannabis to the public will begin in 2022.

Re: Purchase of CivicClerk 8 Software
Date: November 19, 2020

Issue

The issue is whether the Selectboard and Trustees will approve the purchase of CivicClerk 8 software.

Discussion

One of the major stressors and time-consuming responsibilities for Administration is the work that goes into creating packets, managing agendas, and completing post-meeting tasks. In an effort to realize significant time efficiencies and align the work process for creating agendas, packets and publishing minutes, the management team has researched and explored software enhancements to the existing CivicEngage system. The current process is manually driven through multiple programs such as Excel, Adobe, email, shared network, Google drive, and Dropbox. Using so many programs to organize, approve and store packets allows for increased errors and duplication. Communication while producing packets and minutes consists of multiple emails for multiple agenda items—often for multiple meetings. Emails are often buried, lost or misunderstood.

Below is a side-by-side comparison of condensed steps taken to process the agenda, packet and minutes for this joint meeting and the advantage to converting to one process:

Current process	CivicClerk 8
Agenda management	
Upcoming agenda items are logged into an Excel worksheet and reviewed by the management team weekly to decide what goes on the next agenda. These items are manually updated, copied, pasted and sorted into multiple tabs for type of meeting (Town, Village, Joint). Supporting files are received through emails or hard copy and are converted to PDF or scanned, and copied to individual file folders created on the network shared drive. If items are moved to a different date, the items must be cut and pasted into new folders.	Provides agenda management with the ability to create item reports that can be moved around easily to other meeting dates. Supporting files can be uploaded and added to move with the reports.
Packets	
Department heads send items for upcoming agendas to management through email or hard copy. Once final versions of the item memo and supporting documents are finalized, they are saved to the network drive. Documents are renamed, converted to PDF and combined.	Eliminates back and forth emails. Departments complete the fillable item report (replacing the memos) and attach supporting documents, which are automatically converted to PDF.

Packet files are created to copy, paste and upload to websites and Google drive/Dropboxes for board members.	<p>Eliminates the need for manually created folders on multiple drives and multiple storage locations for board members.</p> <p>Eliminates steps to convert department submissions for inclusion in the packet file. Submissions go straight to approval and then to packets. Packets are then shared to the board portal.</p>
Posting/Publishing	
Packet folders are uploaded to the Google drive for the Selectboard and copied/pasted to individual Dropboxes for the Trustees, recording secretary and manager. Packet files are uploaded to both websites and linked to multiple calendars on both websites. Additional handouts and late additions require an amended packet file that must be emailed to boards, recording secretary and manager, uploaded to the Google drive, copied/pasted to each Trustee Dropbox and replaced on both websites and calendar links.	Agendas and packets are searchable and located in one place for board members, manager, and recording secretary. Any late changes are made to one file in one place. Agendas and packets automatically post to the EssexVT website agenda center and associated calendars. The Village agendas and packets will still be available on the Village website. (The software does not automate the post, but the file is easily created to upload separately.)
Minutes	
Manual minutes are submitted through drafts via email. Managers edit, the file is converted to a PDF and posted to EssexVT and the Village websites.	Generates minutes content with auto features allowing for consistent format and ease for the recording secretary. Time to generate minutes is greatly reduced allowing earlier access to action items. Once reviewed and edited, minutes are automatically converted to PDF linked to the agenda and packet on the EssexVT website with one click. Village minutes will still be available on the Village website. (The software does not automate the post, but the file is easily created to upload separately.)

Optional features:

- Ability to set time frames on agenda items, speakers and presenters. If CivicClerk is used during meetings, a timer shows the remaining time on each item.
- If using CivicClerk during a meeting to move through agenda items, time stamps can be inserted as board members move on to the next agenda item and are automatically incorporated into the minutes of the meeting.
- If CivicClerk is used on devices during the meeting, electronic roll call and voting features are available which automatically insert voting outcomes into the minutes of the meeting.

Important Features:

- Ability to schedule agenda items and have a workflow process that begins with department submissions, rather than with managers. The duplication in recreating what is submitted is eliminated.
- Searchable packet and document storage are located in one place for both boards and management.

- The board portal replaces the Google drive and the Dropboxes. It allows board members to search packets, agendas and minutes of previous meetings. Board members can take notes, highlight important items and go directly to items without scrolling through lengthy files. To view what the board portal looks like and how you would be able to search, review and take notes within your packets, please view the **Elected Official Overview** video (6 minutes – be sure to click on the link for the Elected Official Overview):

Cost

The CivicClerk premium package with discount available until 12/31 is \$8,554, providing savings from an original cost of \$11,536. The annual recurring fee is \$7,560. The cost for the first year would be from Fund Balance. CivicClerk would be included in the FY22 operating budgets for both Town and Village.

Recommendation

It is recommended the Selectboard and Trustees approve the purchase of the CivicClerk 8 enhancement software.

Re: Veterans Memorial repairs and cleaning
Date: November 20, 2020

Issue

The issue is to inform the Trustee and Selectboard of repairs needed at the Veterans Memorial at Five Corners.

Discussion

The Veterans Memorial at Five Corners is in need of cleaning and repairs. Photos showing some of the disrepair are attached.

Memorial Day 2021 will be the 20th anniversary of the memorial.

Staff is working to get estimates on the cost of repairs, and to see if any repairs need to be made to the inside of the fountain. Staff is also reaching out to local groups to see if they are willing and able to partner with the Village and Town on the repairs.

Staff wants to make sure the Trustees and Selectboard are aware of the issue, and to start discussing how to pay for the repairs and cleaning.

TOWN OF ESSEX

PREAMBLE

The inhabitants of the Town of Essex, including the historical, unincorporated Village of Essex Junction, are a corporate and political body under the name of "Town of Essex." As such, inhabitants enjoy all rights, immunities, powers, and privileges and are subject to all the duties and liabilities now appertaining to or incumbent upon them as a municipal corporation.

Subchapter 1: Transitional Provisions

§ 101 Adoption of town and village assets and liabilities

- (a) All assets and obligations formerly owned or held by the Town and Village shall become the assets and obligations of the new Town of Essex upon the effective date of the charter. This shall include all real property, easements, rights, and interests in land, buildings, and other improvements; vehicles, equipment, and other personal property; assessed but uncollected taxes, rents, and charges, together with lien rights and enforcement powers; moneys, rights of action in legal or administrative proceedings; insurance policies; documents and records; debts, claims, bonded indebtedness; without any further act, deed, or instrument being necessary. Pursuant to § 104, the unincorporated Village shall become a debt assessment district until the Village's residual bond debt is retired.
- (b) All contracts, agreements, trusts, and other binding written documents affecting the Town or Village shall remain in effect on the effective date of the charter, and the new Town of Essex shall assume all the responsibilities formerly belonging to the Town and Village unless otherwise specified.

§ 102 Transition Period

The transition period shall begin on the July 1, following approval of the charter by the Legislature, and end on June 30 the year after approval of the charter. At the end of the transition period, any provision of the charter not otherwise triggered during the transition period will become effective. Nothing in this section shall affect or limit other provisions in this subchapter or in other subchapters, which serve a transitional purpose and which by their own provisions continue beyond the transitional period. In such cases, transitional provisions intended to extend beyond the transitional period shall be governed by specific sunset terms.

§ 103 Organizational Municipal Meeting

The first annual Town Meeting shall occur as follows: On the Monday before the first Town Meeting Day following the effective date of the charter, there shall be a unified,

informational meeting of the new municipality, which shall be noticed and warned to all residents of the former Town of Essex and unincorporated Village of Essex Junction. This meeting shall be for the purpose of presenting and discussing a unified budget for the new Town. Other (new Town) business may also be presented and discussed but shall not be voted on during this meeting. After presentation and discussion of the budget and any other business the meeting shall adjourn until the following day of Town Meeting Day when voting on the election of officers, the Town budget, and any other business included in the warning for the meeting shall be by Australian ballot. Time and holding of the Meeting shall be pursuant to Subchapter 5 of the Town charter. The first annual Town Meeting shall be jointly warned by the Interim Governing Body pursuant to §105. The Interim Governing Body shall appoint a Moderator to run the informational meeting.

§ 104 Transitional Districts

Transitional district rates shall be set by the new Town Selectboard.

- (a) For a transitional period commencing from the July 1 effective date of the charter, the unincorporated Village of Essex Junction (formerly the incorporated Village of Essex Junction) shall be designated as a Debt Assessment District for the purpose of retiring the Village's residual bonded debt in existence before the transitional period. This residual debt is scheduled to retire in FY 2035.
- (b) For a transitional period of 12 consecutive years commencing from the July 1 effective date of the charter, the unincorporated Village of Essex Junction (formerly the incorporated Village of Essex Junction) shall be designated as a Tax Reconciliation District for the purpose of transferring the cost of the Village's municipal operations into the Town's operational budget at a rate for each of those 12 years consistent with this purpose.
- (c) For a transitional period of 12 consecutive years commencing from the July 1 effective date of the charter, the unincorporated Village of Essex Junction (formerly the incorporated Village of Essex Junction) shall be designated as a Sidewalk District for the purpose of levying a special tax on properties within the Village for the purpose of maintaining the Village's sidewalks, including snow removal and routine maintenance, but not capital repairs, in accordance with its previous sidewalk maintenance procedures prior to the merger.
- (d) For a transitional period of 12 consecutive years commencing from the July 1 effective date of the charter, the unincorporated Village of Essex Junction (formerly the incorporated Village of Essex Junction) shall be designated as a Capital Improvement District for the purpose of levying a special tax on properties within the Village for the purpose of paying for Village capital infrastructure projects on the Village's Capital Reserve Plan prior to the merger. The Capital Improvement District

is not required to complete all projects in the plan prior to the end of the transitional period and the Selectboard shall designate in their proposed budgets which projects are to be completed in each new fiscal year of the transitional period.

- (e) For a transitional period of 12 consecutive years commencing from the July 1 effective date of the charter, the Village Center Zone, as designated in the Essex Junction zoning plan, shall be designated as a Downtown Improvement District for the purpose of continuing the Village's downtown revitalization efforts as outlined in the Village's municipal plan, and shall retain any and all state designations for the purposes of redevelopment in force at the time of adoption of the charter or until such designations are withdrawn or amended as per routine statutory process.

§ 105 Interim Governing Body

- (a) For the transition period beginning as described in § 102 until the election of a new Selectboard, as described in § 103, and the new Board's seating in accord with § 305, all members of the former Town Selectboard and Village Board of Trustees shall comprise an Interim Governing Body. In no event shall the Interim Governing Body consist of fewer than three former trustees and three former selectpersons. In the event of a resignation, the remaining members of the board on which the resignation occurred shall appoint a replacement chosen from the registered voters in the communities over which they had jurisdiction. The Interim Governing Body shall schedule, warn, and hold meetings as appropriate. The selectperson members of the Interim Governing Body shall address details and issues relating to expenditures in the Essex Town budget approved by voters for the fiscal year of the transitional period. - (b) During the transition period the Interim Governing Body will also, with the assistance of the Manager and staff, integrate the ordinances of the former Town of Essex with the ordinances of the former Village of Essex Junction, pursuant to § 110 below, by identifying conflicting ordinances and determining in each case whether the more or less restrictive ordinance will apply or a combination thereof.

remaining members shall vote to appoint a member from the district with a vacancy in a manner pursuant to § 304.

- (d) The Interim Governing Body will also, with the assistance of the Unified Manager and staff, propose and warn in the manner pursuant to this charter, the first annual budget of the new Town of Essex for consideration by the voters at the first annual meeting held pursuant to § 103. This meeting shall be informational only. Voting for the budget shall occur by Australian Ballot on Town Meeting Day pursuant to § 103.

- (b) The Town of Essex shall operate the former Essex Junction Fire Department and former Essex Town Fire Department, and each department shall have a chief appointed by the Manager. At the Manager's discretion, one person may be appointed chief for both departments. During the transitional period, pursuant to § 105, the Interim Governing Body may review options for integrating the operations of the two departments for the purpose of improving efficiency and service levels, with a preference for retaining the historic identities of the two departments and for the predominant level of service to remain "paid on call."

Costs specific to each system will be charged solely to the user base within the boundaries of that system including capital and debt service costs. Any new costs incurred after the effective date of the charter of the merged municipality attributable to the entire district will be borne by all users. Costs attributable to specific users through a

special assessment, surcharge, or other contractual arrangement shall continue to be assessed to the specific users until they are paid in full.
