WHEREAS, James obtained grant money to help the Village purchase the combination sewer cleaning truck, more affectionately known as the Super Sucker 5000; and,

WHEREAS, James was at the forefront of technical advances in the wastewater and storm water fields throughout his career, mitigating energy use at the wastewater treatment facility and improving nutrient removal from wastewater, including through a partnership with Dr. Appala Raju Badireddy at the University of Vermont in the Vermont Phosphorus Innovation Challenge to remove and recover phosphorus from side stream wastewater; and,

WHEREAS, James has remained passionate throughout his career about water quality, and regularly reminds others that wastewater treatment is the first defense of public health; and,

Re: Executive session for contract negotiations with an employee

Date: December 15, 2021

Issue

The issue is for the Trustees to discuss contract negotiations and potential execution of a contract with an employee.

Discussion

In order to have a complete and thorough discussion about this topic, it would appear that an executive session would be necessary because the premature disclosure of the information may put the Village at a substantial disadvantage. Contract negotiations with an employee can be protected discussions.

Motion #1

"I move that the Trustees make the specific finding that general public knowledge of contract negotiations with an employee would place the Village at a substantial disadvantage."

Motion #2

"I move that the Trustees enter into executive session to discuss contract negotiations with an employee, pursuant to 1 V.S.A. \S 313(a)(1)(A)"
