5. BUSINESS ITEMS
a. Discussion of a potential merger of the Town of Essex and Village of Essex Junction with the delegation of Essex area State Senators and State Representatives
Mr. Tyler provided an overview and showed a PowerPoint about the Governance Subcommittee’s efforts to address the question of whether or not the Village of Essex Junction would merge with the Town and, if so, how. He pointed out that the subcommittee is
made up of two board members who live in the Town outside the Village and two who live in
the Village. Mr. Tyler began his overview focusing on major efforts during the past 7 years
related to consolidation, unified leadership, joint meetings, and shared municipal services in
police, public works, and recreation. He talked about the subcommittee’s formation in 2018 to
research, review and determine possible governance models. He explained the expertise
gleaned from Special Counsel Dan Richardson, esq., as well as through the market research
done by KSV. Mr. Tyler said the subcommittee considered many options for Governance and
Tax consolidation over two years and are now proposing a hybrid governance transition
model. Mr. Tyler described the proposed 5-year transitional phase for the new governance
model and a 12-year phase-in of tax reconciliation. He explained the rationale for a 7-member
transitional governance structure of two elected from the Village, two elected from the Town
outside the Village and 3 elected at-large (2-2-3). He talked about why the committee moved
away from a 3-3-1 model, which would have one elected person at-large. He discussed the
interests of residents to construct a districting model and how this could take place during the
transitional phase, once the U.S. Census provides clarity on population counts. Mr. Tyler
discussed the phased-in tax reconciliation rationale and the mechanisms for facilitating this
merger. He discussed other subcommittee recommendations including voting for budgets by
Australian ballot, the Annual Meeting dynamics, the name of the new community (Essex) and
how sewer and water would be handled.

Andrew Brown invited the representatives present to discuss the proposal with the boards.

Sen. Ashe wondered why the board members had expressed concern that the legislature may
not approve the Charter change if it was approved by the voters. Mr. Tyler spoke about the
unusual choice within the model to establish special Tax Districts to help ease the tax burden.
Mr. Ashe suggested that because these will not pose a negative tax change to the State there
will most likely be support of the new Charter within the legislature.

Sen. Lyons commented on the thorough, good work conducted by the Governance
Subcommittee. She cautioned that the board members should be able to effectively explain
the Tax District strategy to Essex residents. She said legislators familiar with Essex tend to be
supportive of the merger.

Sen. Sirotkin talked about his history with the Town of Essex and Village of Essex Junction
and said that if the residents vote for the merger, he is pretty sure the legislature will too.

Sen. Ingram praised the work of the board members and agreed that if the voters learn about
the framework presented and approve it, the legislators will too.

Sen. Pearson thanked the board members for explaining the plan and said he looks forward
to hearing whether the voters will approve it. He said he believes the legislators will approve
the plan if the voters do.

Rep. Houghton talked about her experience as a Village Trustee from 2013-2018 when much
of this work to determine a plan forward was taking place. She acknowledged the many
extensive hours of hard work that board members and staff have put into this. She said she
plans to discuss the merger strategy with Vermont’s Government Operations committee.
Rep. Meyers mentioned her 13 years of service on the Selectboard and agreed with the other senators and representatives that, in the event the voters approve it and as long as the plan does not affect state taxes, it should pass in the legislature.

Rep. Bancroft said, coming from Westford, the urban/suburban/rural split of representation is a concern of his and is a concern shared at the state level. He pointed out that the school merger process in Westford was contentious and divided because of this and financial incentives helped deescalate the tensions.

Rep. Giambatista commended the work of the board members and the comments of the community. He said that they continue to consider how regionalism factors into the structure being developed. He underscored the importance of achieving clarity about how the new Charter will achieve the long-term vision of the entire municipality.

Rep. Redmond said this process of creating a new charter should reflect the voice of the voters. She mentioned a concern at the State House that there is confusion about what is being proposed. Rep. Redmond said she appreciates the thought that has gone into devising solutions for the merger and hopes the board members can carefully communicate and distill these ideas to the community.

Mr. Watts thanked the legislators for sharing their positive responses and Ms. Cooper added that their appreciation is rejuvenating in the midst of the tireless work of this effort.

Ms. Haney called a 2 minute recess and then reconvened the boards at 9:14 PM.

b. **Review and consider approval of draft Essex Merger Vote 2020 FAQ for use at upcoming public meetings and events**

Mr. Duggan introduced the Merger Vote 2020 FAQs draft for use at upcoming meetings and events. Mr. Levy noted that the revisions he had provided in advance were incorporated. Mr. Watts suggested that the words “focus groups” be changed to “listening sessions”. He also suggested that the line above the last list of bullets, on the second page, should be revised to clarify that the tax impact would be split over 12 years, with the average Town outside the Village property owner seeing an increase of between $20 and $30 each year, above normal budgetary increases, over this time period. He was glad to see the comparison between current Village and Town outside the Village tax rate on the FAQs. The board members suggested that the document include a “Revised on” date at the top of the first page along with a note to visit [www.greateressex2020.org](http://www.greateressex2020.org) for the most up-to-date information.

Ms. Wrenner asked if a Town Meeting FAQ on the community-led Charter change proposal warned for March would be available. Mr. Duggan said one is currently not available.

A community member wondered how the November ballot would read and asked if the Village would need to answer two questions in order to dissolve one charter and accept another. The boards acknowledged this would be considered over the upcoming months.
MAX LEVY made a motion, seconded by PATRICK MURRAY, that the Selectboard approve
the draft FAQ, with board edits, for use at the upcoming annual meetings, other public
outreach meetings, and to update www.greateressex2020.org. The motion passed 5-0.

GEORGE TYLER made a motion, seconded by DAN KERIN, that the Trustees approve the
draft FAQ, with board edits, for use at the upcoming annual meetings, other public
outreach meetings, and to update www.greateressex2020.org. The motion passed 5-0.

c. *Evaluation of a public employee
   This took place as item 8a of the agenda.

6. CONSENT AGENDA
