3	Draft Comp Plan	25	05/08/2019 - 8:47am	Darren Schibler		Suggestion	The MOEs are very high for the non-white races; should there be some commentary on the uncertainty here?	A sentence alerting the reader to take caution with the use of the data will be added	
4	Draft Comp Plan	26	05/08/2019 - 8:50am	Darren Schibler		Suggestion	Perhaps put this comment before table 5 (which has town-level projections), and mention that Essex Junction represents roughly half of the population of Essex Town as a whole.	Thanks for your comment. OK	
5	Draft Comp Plan	34	04/23/2019 - 6:24pm	Genevieve Melle		Question	The source of business (retail) is generally declining- in 10 years, there might not be a lot of small retail stores left. May be focus on attracting e-businesses core offices ?	PC to Discuss

7	Draft Comp Plan	41	04/23/2019 - 6:27pm	Genevieve Melle			good luck on this one. Essex Junction is and never will be a destination. Not with the proximity of Burlington and the lake	Thank you for your comment.	
8	Draft Comp Plan	45	04/23/2019 - 6:29pm	Genevieve Melle			Please ban the overuse and totally null meaning of the word "vibrant".	Thank you for your comment.	
9	Draft Comp Plan	96	05/08/2019 - 8:17am	Darren Schibler		Suggestion	This section should be updated with the latest routes and schedules from GMT's NextGen plan, once that is adopted	Thanks for your comment. Next Gen Plan will take effect June 17. The description of the bus service will be removed and we will link to GMT's website, so readers can access the most up to date information.	
10	Draft Comp Plan	96	05/08/2019 - 8:19am	Darren Schibler		Suggestion	see now that this is addressed below, but map 4 will need to be updated with the new routes	Thanks for your comment. OK	
11	Draft Comp Plan	35	5/8/2019	CCRPC PAC		Suggestion	The text on pg. 35 states that median household income in Essex Junction is higher than the county, but it appears the graph shows the opposite.	Thanks for your comment. OK	
12	Draft Comp Plan		5/8/2019	CCRPC PAC		Suggestion	Consider updating the data on broadband availability on pg. 69, as the definition of broadband has changed significantly since 2011	Thanks for your comment. OK	
13	Draft Comp Plan		5/8/2019	CCRPC PAC		Suggestion	There is a discussion of significant wildlife habitat in the plan on pg. 50 and 53, but how exactly is the Village is defining significant wildlife habitat? Is it everything that's inventoried in Vermont Conservation Design? If yes, consider clarifying that.	PC to Discuss	
14	Draft Comp Plan		5/8/2019	CCRPC PAC		Suggestion	Does the Village have building codes or not? On pg. 76, Objective 4.3 implies no, but on pg. 87, Objective 1.2 implies yes.	PC to Discuss	
15	Draft Comp Plan		5/8/2019	CCRPC PAC		Suggestion	On pg. 89, the second paragraph seemed to say both that interconnected local streets are discouraged, but also that they are a central transportation policy for the village.	PC to Discuss	
16	Draft Essex Community Plan		5/8/2019	CCRPC PAC		Suggestion	Regarding the Energy Plan - Between Figure 4 and Figure 5 of this plan, the paragraph about electric generation refers to tables 12 and 13, but these should be renumbered. In this same paragraph, there is a clear explanation about the generation potential of base solar and how it can help Essex meet their low target. Consider adding a note about this to Table 9's discussion of base solar generation, to clarify the fact that the text contains important extra information about the data in Table 9.	Thanks for your comment. OK	
17	Draft Essex Community Plan			Melanie Needle		Suggestion	Make the energy plan a stand alone plan and not an appendix to ensure that both communities can reference it.	Thanks for your comment. OK	
18	Draft Essex Community Plan			Darren Schibler		Suggestion	Indent the headings in the table of contents	Thanks for your comment. OK	
19	Draft Essex Community Plan	1		Darren Schibler		Suggestion	Fix the footnote that explains the difference between site and source energy to be with the correct sentence	Thanks for your comment. OK	
20	Draft Essex Community Plan	1		Darren Schibler		Suggestion	Change "Site 211,386 to 353,629 MWh of additional renewable energy generation to meet the Essex Community's renewable energy generation targets" to "Establish enough renewable energy generation sites to generate between 211,386 to 353,629 MWh of electricity."	Thanks for your comment. OK	
21	Draft Essex Community Plan	2		Darren Schibler		Suggestion	Merge Section 2 and 3	Thanks for your comment. OK	
22	Draft Essex Community Plan			Darren Schibler		Suggestion	minor grammar suggestions throughout	Thanks for your comment. OK	
23	Draft Essex Community Plan	12,section 1 first paragraph		Darren Schibler		Suggestion	Should this read "total energy use" instead of "electricity?" This whole paragraph seems to jump back and forth between total energy and just fuel-switching to electricity. Let's just talk about total energy increasing, but energy per capita decreasing, then talk about the shift in energy sources later.	Thanks for your comment. This paragraph will be revised.	
24	Draft Essex Community Plan			Darren Schibler		Suggestion	Table 2 should be on one page	Thanks for your comment. OK	
25	Draft Essex Community Plan			Darren Schibler		Suggestion	Add Exceptions may occur through municipal designation in advance of circulating an advance notice to siting policy 4	Thanks for your comment. OK	
26	Draft Essex Community Plan			CCRPC PAC		Suggestion	Regarding the Energy Plan - Siting policy 3 says "development of renewable energy generation facilities shall not take place in areas with known constraints," but below Table 10, the text says "Renewable energy generation facilities should be carefully designed to avoid undue adverse impacts to known constraints" instead. Consider using the same language in both places to avoid any confusion.	Thanks for your comment. OK	
27	Draft Comp Plan			CCRPC PAC		Suggestion	The goals and objectives are more general rather than measurable. Consider including a few key indicators to show success in implementation of the Plan.	PC to discuss
